Cast for use as necessity coins during the siege by the troops of Hanover, Prussia, Denmark and Russia, 1715-16. The metal used for the coinage was obtained by melting down useless cannon and mortars. It is said that because of lack of coal only a limited number of plates were made, and the balance of the metal already prepared for smelting was delivered to some of the wealthiest inhabitants, who were compelled to accept a certain amount, ranging from one half to seven "tons" of metal for each recipient, according to his means, as security for cash loans, at the rate of 58 rigsthalers and 32 schilling per "ton."

In the standard work on the coins and medals of Wismar, by Ed. Grimm, it is stated that the coins were legal during a single day only, in January, 1716.

According to a Swedish numismatic publication, "Numismatiska Meddelanden," Volume XX, Stockholm, in 1913, copies of the 8 and 16 schilling coins were made for a coin dealer in Berlin, in the nineteenth century, which accounts for the fact that these denominations are more often offered for sale. These fakes were cast in single molds, while the genuine coins were clipped from large sheets of metal and stamped while red hot, and may be detected from the genuine specimen by flaws in the metal and by veins running across the face of the coins due to faulty casting. The fake coins are now very rare.

## New York Numismatic Gossip

By Our New York  
Correspondent

During the month there took place in New York two events of importance to its clubs. One was the third anniversary meeting of the Bronx Coin Club, the other the second Metropolitan Coin Convention, which has just begun at the date of this writing. The members of the Bronx Coin Club feel justly proud of the large attendance of seventy-seven at their birthday dinner. With the exception of last year's metropolitan convention, the turnout was the greatest of any New York numismatic gathering held this decade. As for exhibits and enjoyment, they were there in abundance. Considerable amusement was afforded by Miss Dorothy Mosher's original idea for place cards, these having been tailored to fit each individual. Arthur W. Deas, his place card showing an automatic toaster for inspiration, did a fine job in the role of toastmaster. Interesting things about coins and coin collectors were the subject of the talk given by the genial Moritz Wormser.

A large number of metropolitan club members gathered at Radio City on Saturday, November 14, to install their exhibits. These included U. S., State and fractional currency, a U. S. type set, a few quarter eagles and gold dollars, and pattern and pioneer coins. As the exhibit was held in the British Empire Building, Great Britain was represented by British orders and decorations and a series of crowns. Other foreign coins exhibited were a large series of Italian crowns, a set of Danish and Norwegian coins and a number of Russian pieces. A complete set of Chinese Gordon bills were also to be seen. Special exhibits were made of Indian peace medals, medals of Admiral Dewey, Bryan money and Leshner pieces, and philately in numismatics. There were also several fine representative collections of ancient coins.

The Morgenthau auction sale will take place on Thursday and Friday of convention week. The Stack and Elder sales took place earlier in the month. It seems as though commemorative halves were waning in interest; the famous (?) Boones reached a new low of \$55 for the pair at the Stack sale. On the other hand, ancients seem to be gaining considerable popularity, there being spirited competition in bidding for them. Maybe a new factor in this bidding is from the direction of Brooklyn, where President Reagan is emulating Mr. Stein, of the Bronx, in reading a paper on ancient coins each month. In November he told about Nero and his playful methods of removing opposition. Nero gave preference to poison and stabbing. Mr. Reagan's topic for December will be Tiberius Caesar.

We heard that Mr. Schultz, of Cincinnati, was in town recently with the information that the speculators had been kept out of the Cincinnati half dollars. We also read that the commission in Columbia was checking up on speculators before delivering any of their coins, which they have had for over a month. Maybe their mints' meat gave them a headache! Then there is the story about a New York dealer who obtained the entire new Arkansas issue, and who is advertising it for sale just as Mr. Mehl did last year. As for the New Rochelle coin, local people are being kept almost as much in the dark about it as out-of-town collectors. This week our movie program carries the information that a film of Daniel Boone is to be shown on a double date—Thursday and Friday; at the same time, there is talk about the distributor of the Boone coins having another two thousand pieces struck. Is there any significance to that number? Where will the whole commemorative half dollar question end and what effect will President Roosevelt's reelection have on the subject?

## *"My Passport"*

By WILLIAM J. SCHULTZ

Few still-life paintings in the world ever passed through adventures compared with the one here illustrated, and which was executed in Lyons, France, in 1892, by Charles A. Meurer, of Cincinnati, then finishing his studies under French masters. "My Passport" received honorable mention in Paris and Lyons and in 1893 was shipped to Chicago, where it was displayed in the Art Building exhibition at the World's Fair.

There the United States Secret Service officials discovered that the painting violated the law in copying United States currency, and it was promptly

confiscated by the Government. The painting was so cleverly executed that the officials very promptly wrote Mr. Meurer, through Assistant Secretary Drummond, during the Cleveland administration, that the painting had been confiscated and was being held at the Custom House at Cincinnati, subject to return to Meurer if and when red lines were painted from corner to corner on each bill shown in the painting.

Shortly after, Mr. Meurer left France, and upon arriving at Cincinnati called at the Custom House and in the presence of the officials painted the necessary red lines on each of the bills displayed, after which the painting was released to him.

This episode received press notices throughout the United States and Europe and the painting "My Passport" was sold shortly thereafter by

Meurer for \$1000. Many Cincinnati numismatists own specimens of still-life painting done by Mr. Meurer, each displaying red lined bills and coins without injury to effect.

Meurer's latest and perhaps greatest achievement is the still-life painting "Memories," commemorating the equipment of a World War officer displayed above a mantel with the Red Cross and American colors as a background, and beneath the mantel displaying the equipment of the Private Soldier. This painting will finally be hung in the rotunda of the State Capitol of Ohio, at Columbus.

Mr. Meurer's unique studio building, worth seeing, is located at Terrace Park, Ohio. He spent his boyhood days in Clarksville, Tenn. In 1885 he joined the School of Design and studied under the masters, Noble and Meakin, at the Cincinnati Art Academy, in Eden Park.

## *The Great Wyon Family— Youthful Brilliance*

The history of the great Wyon family, which had for over 200 years provided England with a distinguished line of goldsmiths, medalists and die engravers, was dealt with by Mr. Frederick Wyon Simms, a descendant of the Wyon family who has been living in Wellington for many years, in a paper read before the New Zealand Numismatic Society recently. The history unfolded showed that the Wyon family had almost inherited positions on the staff of the Royal Mint. Generation after generation, Wyons had joined the mint staff and had left behind them examples of their work that would live as memorials to masters of medalist's art.

Mr. Wyon Simms said that the Wyon family was of German origin. George Wyon, a native of Cologne, came to England in 1714 as one of the suite of George I, to whose person he was attached as chief goldsmith, and for generations various Wyons distinguished themselves in this art. In 1815 Thomas Wyon, Jr., at the early age of 23, was appointed chief engraver to the mint, and in that capacity executed much medal work, including the Waterloo medal and the great recoinage of 1816. He died at the age of 25. A brother was appointed chief engraver of his Majesty's seals, and among other works he executed the Crimea medal. A later Wyon engraved the New Zealand Maori War medal. William Wyon, before he was 20, obtained two gold medals from the Society of Arts for his skill in medallist portraiture. At 21 he became assistant engraver to the Royal Mint, and he had an outstanding career. His son, L. C. Wyon, at the age of 25 in 1851, succeeded his father as chief engraver and was responsible for the great 1861 recoinage, as well as other outstanding works of a private nature. One of the Wyon family compiled a work on the great seals of England which was published by his younger brother, Allan Wyon, who became chief engraver of the seals.

The head of Queen Victoria shown on the penny black stamp, issued in 1840, was taken from a Wyon design on a medal. On this medal, as in most medals and coins, the engraver's or designer's initials appear on the truncation or neck, and it would probably be safe to say that the Wyon family had left its mark on the necks of more monarchs than any other family of engravers or designers.

Mr. Wyon Simms concluded by a review of Pistrucci, the designer of the famous St. George and the Dragon which appears on the gold coins and crown pieces of England to this day. Pistrucci, who was a contemporary of an early branch of the Wyon family, was born in 1784 in Rome, and before he was 16 years of age he had acquired such proficiency in the art of gem and cameo cutting that his works were often disposed of by dealers as antiques. In 1817, on the death of T. Wyon, Pistrucci was appointed chief engraver to the mint and was, in turn, succeeded as chief engraver by W. Wyon. Die sinking by hand was now becoming a lost art.

There were Wyons still living who carried on the traditional association with the engraver's and the sculptor's art. Some numismatists had stated

that in the medals and coins distributed throughout the British empire the Wyon family had left behind them works of art in metal of a quality that would live.

## *A Convention Exhibit*

**As Seen By A Layman**

In the list of exhibits at the Minneapolis Convention of the A. N. A. no mention was made of an exhibit by Robert E. Fisher, of that city. Failure to mention this exhibit is due to the fact that it was not installed until Tuesday, while memoranda of the various displays had been made on the two preceding days. It develops that it was a remarkably good exhibit, because it was arranged along lines that may well be patterned after at future conventions—or anywhere else, for that matter. In a letter from Mr. Fisher he says: "My exhibit caused a great deal of comment, not for its size or value, but because an attempt was made to bring the hobby closer to those on the outside by means of captions or descriptions opposite each coin, some of them irreverent or flippant, some, perhaps, based on assumption rather than fact, but all designed to reach those not now in the profession."

It seems that a representative of one of the Minneapolis newspapers saw the exhibit and was so impressed with it that he wrote a story on it which was published at the time, as follows:

As a visitor, not being a collector, I had much pleasure viewing the various exhibits shown at the A. N. A. Convention at Minneapolis. Not being commercial minded or a speculator, I did not pause at the commemorative half dollars which seemed very popular, nor could I become a collector on the dry-as-dust basis of row on row of consecutive dates, on matter what metal or degree of preservation. But I did, and so did many others, get close to you numismatists and, as perhaps most people do not, I think I understand why you fellows like the hobby.

I found over in the first row next to the wall where the light was poor and the reflection good, a small exhibit labeled:

### **WHY COIN COLLECTING IS SO FASCINATING.**

**Coins from the Collection of Robert E. Fisher, A. N. A. 4513, Minneapolis, Minn.**

Alexander The Great, 332 B. C.—2268 years ago. This gold piece once belonged to the late Grand Duke Alexander of Russia. It was safe in Paris, and when the Duke was rescued from the Bolsheviks by the Germans it came in handy and was used to buy the Duke some much-needed clothes. Right below, two more Alexanders in silver and much larger, with this explanation: "At a crucial moment in a great battle to his wavering men he said as he led the charge, 'Come on, you So and So's, do you want to live forever.'"

I could see the immortal Alexander as he sprang forward, hear his hoarse shout to the Macedonian invincibles. The spark of greatness kindled their courage as he shouted, "Come on, you So and So's, do you want to live forever?" I was with him—at that battle 2200 years ago.

Here were two green coins and one of silver, Roman times, Marcus Aurelius the Philosopher. Eighteen hundred years have not dimmed his fame, his era is as noted as are his wise sayings.

Then a tiny gold piece, one larger of copper. The palm trees suggest a tropical land. Here again the exhibitor shows profound knowledge of things other than coins. "Delenda Est Carthago" (Carthage must be destroyed). Thus did a Roman orator make a phrase that captured public opinion and resulted in the destruction of Rome, a commercial and military rival, and made Rome supreme in the ancient world.

Cleopatra VII opposite this copper coin. "They came, they saw, she conquered," meaning Caesar and Mark Antony, I suppose.

Pontius Pilate—Another small copper coin with this: "He may have signed the death warrant of Jesus Christ." I am a Christian and that phrase struck me a blow.

Caligula—This little piece commemorates the ending of a sales tax in Rome 1896 years ago. Do we begin where they left off?

Diocletian—Rome, year 309. He set up a planned economy with price fixing. It "fixed" Rome.

Large Silver Coin—Christina, Queen of the Swedes, 1642. Gustavus Adolphus, the great general's talented daughter was a noted coin collector.

Next a little piece of silver with wisdom, humor and sarcasm in the caption, "From Pisa in Italy." "Their tower leans, but the money is straight," and below it, "A coin from Bologna, whence came the sausage that provided the modern slang word 'boloney.'"

Now we move along apace. Here is a gold coin and this inscription opposite: "Louis XVI of France. His wife said, 'Give them cake.'"

Napoleon I, France, gold piece. He said to Coulaingcourt, "If necessary to get my way, I will kiss any man's hand."

Then I saw the "two bits" of song and story, and, according to the description, a "Holey" dollar of Australia. Below that a very large gold piece with a ribbon tied through a tiny hole stating "Gypsies prize this coin and wear it in their hair because old Franz Joseph of Austria did some small favors for these oppressed but liberty-loving people."

Baron Goertz, 1718 daler, a copper coin issued during hard times in Sweden to have the value of silver. This manipulator of the currency was later hanged for his pains.

I said "Amen" to this one. Right below were two medals on currency inflation in Germany with this caption, "Do we intend to follow them?" I hope not, because I thought of the next piece in silver, Spain, 1873, rebel money, the revolution before the present one.

The next was an old friend, but bright and new, Lincoln U. S. cent, 1909. Written here was: "Lincoln said, 'You cannot fool all of the people all of the time.'" I breathed easier for a moment until a piece of paper, the last on the list caught my eye: "Paper money issued by the bandit chiefs of China forced upon the people at the point of a gun."

I never knew the why of coin collection before. I know it now and salute those gentlemen who follow it, and I am joining them to become intimate with the great characters and events of the world to take my mind from the petty things of today and dwell in fancy with famous and great who have gone before. I am indebted to the collector who made it possible for me to have an understanding of so fascinating a hobby. He made those pieces of metal live and tell great stories. I thank him and all of you numismatists.

## Reflections On A Gold Coin

By ALPHA of the Plough

In the London Star.

A small boy of my acquaintance, who was celebrating his birthday the other day, found among the gifts of fond relatives one offering which outshone all the rest. It was a sovereign—not a paper pound, but a real gold-minted sovereign.

He had never seen one before. In that, he was, I suppose, like ninety-nine children out of a hundred. And not children alone. There are probably thousands of people who have come to maturity since the war who are in the same case.

I myself, until I fingered the boy's precious coin, had not handled a gold piece for years. I believe I have a sovereign and a half-sovereign put away for safety in some secret place—so secret that I should be at my wits' end to find it.

No doubt there are plenty of elderly people who treasure a few of these relics for remembrance, or because, like the Indians, who are great hoarders of gold, they have an incurable distrust of the validity of paper if things come to the worst.

These private hoards apart—and even they have become far fewer with the tempting price of gold in terms of paper—the sovereign, with Victoria's head upon it, has become as unfamiliar to us as a Greek coin with the head of Alexander upon it. It has gone out of our life as completely as the penny

post and the fourpenny loaf, and the other good things that the war has made "one with Nineveh and Tyre."

As I fingered the boy's coin, my thoughts went back to the old stable world which jingled gold sovereigns in its pocket. I recalled the familiar refrain of the clerk at the bank counter: "Will you take it in gold or notes?" That question has not fallen on our ears since August, 1914. It will probably, nay, certainly, never be heard again.

Yet it had a pleasant ring. The cashier used to stand there before you with his coffers overflowing with gold, as the autumn barns overflow with the ripened grain. Sovereigns were strewn about his counter in gleaming heaps. They seemed to drip from his fingers. He shoveled them about as carelessly as if they were cherry stones and were as plentiful as blackberries in autumn. It made you feel rich merely to be in the presence of such abundant and casual wealth. You could take as much gold as your credit entitled you to. You could fill your pockets with sovereigns. You could bring a barrow and cart gold away, if you were so disposed. Probably you only asked for three or four, and dropped them into your sovereign purse, or into those neat little lockets which used to be worn on the watch chain, for we all carried watch chains then.

And now the bank cashier sees no more gold sovereigns than you or I do. If you were to say to him that you would like him to cash your cheque in sovereigns, he would look up from his heaps of paper money and stare at you in a wild surmise.

He would not send for the police, but he would think that you needed to see a doctor.

For all those glittering orbs have gone from his counter and are entombed in dungeons in Threadneedle street and Wall street, never more to see the light, never more to jingle musically in our pockets.

As I toyed with the boy's sovereign I had an acute sense of the secure world that we have lost, and of the uncertain world, with a paper foundation, on which we are embarked—a world in which we are learning anew that "much paper and much poverty may co-exist."

I took out a pound note and put it beside the sovereign. It was like putting a variable fiction beside a stubborn truth.

That bit of gold was an indestructible fact, but the best of paper might be anything or nothing, worth 20s. today and sixpence tomorrow.

I remembered being in Germany in those thrilling days when the mark was being blown like thistledown before the wind, and I recalled that on the day that Lee handed his sword to Grant—who chivalrously returned it—the whole of the paper money printed by the Southern States during the Civil War was worth exactly nothing.

Yet, however plentiful gold becomes—and it is suggested that the discoveries in Russia may double the supply—we shall never be trusted with gold sovereigns again. Nor ought we to be trusted with them.

I remember Mr. Asquith once saying that it was an indefensible extravagance for millions of people to go about all the year round wearing out the precious metal, and losing it in irrecoverable places.

It was not a personal waste only or chiefly; it was a national waste. You may light your pipe with pound notes, or paper the nursery with them, or stuff them in a hole to keep the wind away, and the world will be no poorer, whatever you may be.

Indeed, the fatherland will regard you as a benefactor, and the Lords of the Treasury will set the printing machine going to turn out more little bits of paper to take the place of those you have kindly destroyed.

I daresay they can run off a thousand, perhaps ten thousand, of them for the worth of a golden sovereign.

But when, in the careless old days, we lost a sovereign, we lost a part of the national wealth, a part of that gold reserve on which the structure of our credit was erected, and when we wore away its surface in pockets and over counters we were all engaged in wasting our common fortune.

We shall never waste it again. But who is the genius who will give the paper substitute stability?

Queen Elizabeth won renown by clearing out the base coin, and putting good coin in its place. One method, suggested to her by Sir Thomas Stanley, was to send the worst money to Ireland "as the general dirt-heap for the casting out of England's vileness."

She succeeded, but a far tougher job confronts the financier today who sets out to rebuild the structure of sound money on a foundation of paper.

Meanwhile, contact with the boy's sovereign has rekindled my admiration for that delectable coinage. I must discover the secret place where my sovereign and half-sovereign lie hid.

### A SUGGESTION FOR A SET OF COMMEMORATIVE HALF DOLLARS.

I have been interested for some time in special half dollars, and it has been a source of much pleasure and satisfaction in keeping my collection complete to date. However, I note with alarm the growing number of such special issues and the tendency of those favored with such issues to soak collectors not only in the price per coin but also in the number required to keep collections complete.

It seems to me that if Congress would let up on authorizing so many issues of purely local significance and give us a set of commemorative halves honoring our Presidents, from Washington to date, collectors and many others would be interested in such an issue, especially as they should be obtainable in proof condition for less than a dollar each.

How many would like some proof commemoratives?

I have in mind a coin something like this:

In the center of the obverse a likeness of the President to be honored, with his surname underneath, with the year of the beginning of his term of office at the left and the year of the ending of his term at the right. "President" in an arc at the top and "Commemorative" at the bottom.

The reverse of each and every coin of the set to show the Statue of Liberty in the center, with the year of minting below. "E Pluribus Unum" at the right and "In God We Trust" at the left. "United States of America" in arc at top and "Half Dollar" below. I think this would make a very fine set of coins that any collector should be proud to own and display.

I for one would like very much to have such a set for my album. The set should have an historical appeal with far more merit than many of the special coins we now have and the cost of the whole set would be far less than the price asked for some of those we have. No coin of the set should be issued at more than one mint and there should be but one mint date.

I offer this only as a suggestion but will be pleased to receive a postal from any one who are interested.

JOHN F. HYNES.

Carlton, Minn., Nov. 11, 1936.

### KING EDWARD'S CORONATION MEDALS.

Discussions have recently been held in London between Sir Robert Johnson, Deputy Master of Royal Mint, and representatives of the medal-making industry, working through the Federation of British Industries, on the question of the production of medals to commemorate the Coronation. These have had two objects: To decide what medals shall be produced by the Royal Mint and what by the trade, and to ensure that the portraits of his Majesty on medals issued by the trade are worthy of the occasion.

It has been agreed that there will be three classes of medals: The official medal, the design of which will be registered, with both obverse and reverse designed by the Mint. A medal in silver or bronze with the obverse designed by the Mint and the reverse left clear for municipal coats of arms or other designs required. Medals on which both obverse and reverse are designed by the individual medallist in each case. The Deputy Master of the Mint is cooperating with the industrial art committee of the federation to ensure that portraits of the King reproduced on medals of this class are reasonably good likenesses, and a joint committee has been formed to which medallists can submit specimens for approval.

The Royal Mint will produce medals in gold and large medals in silver of a size greater than  $1\frac{1}{4}$  in., and the medal trade will make all medals in other metals. The productions of the Royal Mint will be sold through the banks and one or two leading jewellers.—London Times.

### CONGRESSMAN ASHBROOK REELECTED.

Members of the A. N. A.—particularly the older ones—will be glad to learn that William A. Ashbrook, of Ohio, was reelected to Congress at the November election. Mr. Ashbrook is an honorary member of the A. N. A. and was elected as such in appreciation of his services in securing from Congress its Federal Charter in 1912. The following details are from the Newark (Ohio) Daily Advocate of November 4:

"William A. Ashbrook has the honor of having been given the largest vote ever received by a candidate for Congress in the seventeenth district, comprising six counties. Mr. Ashbrook received a majority of 21,824 votes and carried every county in the District except Delaware. It is noteworthy also that Mr. Ashbrook received in his home county, Licking, an overwhelming majority, leading the ticket and being given 698 more votes than was accorded President Roosevelt in this county. Congressman Ashbrook will begin his ninth term as a member of the National Legislature on the first Monday of January. He was first elected to Congress in 1906, serving continuously 14 years, then after a lapse of 14 more years he became a candidate and was elected in 1934."

**COLONEL GREEN'S COLLECTION TRANSPORTED TO BOSTON.**

A dispatch from Boston to the New York Times on October 25 says that the diamonds, jewelry, cash and coin and stamp collections of the late Col. E. H. R. Green were transported on that date in eight armored cars, under the armed escort of sixteen private guards and seven State policemen, from his Round Hill estate in South Dartmouth to the First National Bank of

Boston, where it will be stored in vaults until legal actions may be taken to obtain income and inheritance taxes for the State of Massachusetts. The transportation of this fortune followed an order by Probate Judge Mayhew R. Hitch of Bristol county that no assets of Colonel Green, who died at Lake Placid, June 8, were to be removed from Massachusetts pending a court decision on a petition of Henry F. Long, Tax Commissioner, that Colonel Green was a legal resident of this State and that income and inheritance taxes were due from the estate. The trip was made without incident. The guards, armed with sub-machine guns, rode with the armored cars. The State police patrolled the caravan from the front, middle and rear. The store of wealth, which consisted of the famous coin collection valued at \$5,000,000; the stamp collection, valued at \$3,500,000; a large amount of cash and securities and a quantity of uncut diamonds, has been under constant guard at Colonel Green's home in South Dartmouth since his death.

#### TOKEN BY HUNTER COLLEGE.

The students at Hunter College of the city of New York are celebrating the twenty-fifth anniversary of student organizations in November.

They have issued a neat token or medal for the occasion, and a specimen has been sent to the A. N. A. by Dr. Mabbot.

#### PRESIDENT CLARKE VISITS WASHINGTON.

On November 7, James Clarke, President of the A. N. A., visited Washington to confer with members of the Washington Numismatic Society in connection with the invitation of the Washington club to hold the 1937 convention of the A. N. A. in that city. He was accompanied by R. G. Duffield, editor and business manager of *The Numismatist*. The purpose of the visit was to measure the degree of enthusiasm of the club members behind the invitation and to discuss possible convention entertainment features. An informal meeting of the club was called for the evening, at which about a dozen members were present. President Weikert was unavoidably detained at his summer home in Gettysburg, Pa. It was the general opinion that Washington wants the convention—and wants it very much, the members believing that an A. N. A. convention would mean much in the growth of the club. It was pointed out that few cities can offer more attractions to the sightseer than Washington, and that a program of entertainment would be provided in accordance with the possibilities. It was also announced that if the invitation is accepted, an auction sale surpassing all previous efforts in that direction would be a part of the program. It is expected that the Board of Governors will shortly make a decision in the matter.

#### ANOTHER YEAR AT THE MINT BUREAU FOR MISS O'REILLY.

In recognition of her long and faithful service as Assistant Director of the Bureau of the Mint, President Roosevelt has extended for another year the term of Miss Mary M. O'Reilly, who passed retirement age a year ago. Miss O'Reilly observed her seventy-first birthday on October 14 performing her usual duties in the Bureau office. She has been in the Government service since 1902 and was transferred from the old Commerce-Labor Department to the mint in 1905.

## Commemorative Coins

### New Reverse For The Arkansas Coin

When the commission distributing the Texas half dollar had a bill introduced in Congress last spring authorizing five new reverses for their coin, it was immediately followed by a request from the Arkansas commission for three new reverses for their coin. At the time the Legislative Committee of the A. N. A. appeared before the Senate Committee on Banking and Currency, in March, both these bills were before the committee for consideration. It seems to have escaped the attention of most collectors that later a bill was introduced and passed authorizing one new reverse for the Arkansas coin, which was approved June 26. The text of the act follows:

#### AN ACT

Providing for a change in the design of the 50-cent pieces authorized to be coined in commemoration of the one-hundredth anniversary of the admission of the State of Arkansas into the Union.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Director of the Mint, with the approval of the Secretary of the Treasury, is authorized and directed to provide for one additional design to be placed on the reverse side of not less than twenty-five thousand and not more than fifty thousand of the 50-cent pieces to be coined in accordance with the provisions of the Act entitled "An Act to authorize the coinage of 50-cent pieces in commemoration of the one-hundredth anniversary of the admission of the State of Arkansas into the Union," approved May 14, 1934.

The United States shall not be subject to the expense of making the necessary dies and other preparations for such coinage.

Sec. 2. The coins upon which the additional design authorized by this Act is to be placed shall be coined at a mint of the United States to be designated by the Director of the Mint, shall bear the date 1936, irrespective of the year in which they are minted or issued, and shall be issued in the same manner and for the same purposes as the coins issued under the provisions of such Act of May 14, 1934, except that not less than twenty-five thousand such coins shall be issued at any one time and no such coins shall be issued after the expiration of one year after the date of enactment of this Act.

In accordance with this act the Arkansas Centennial Commission announces that the new reverse will bear the bust of Senator Joseph T. Robinson, of Arkansas, and that the coins will be ready for distribution by December 31. When the new bill was passed the commission could not at once decide as to what change they should make for the new design. Many suggestions were offered and finally when one of the members of the National Democratic Committee suggested the name of Senator Robinson, he was reluctant to accept the idea of having his profile on the coin. After much persuasion he finally consented. The members of the National Democratic Committee felt that they should confer this honor upon him in consideration of his remarkable services rendered for twenty years or more in the United States Senate.

The Arkansas Commission felt that a better distribution can be had by permitting a dealer to handle this issue for them and they have appointed Stack's, of New York City, as official distributors for these coins, and they have an announcement in the advertising pages in this issue. The price will be \$1.85 each, plus postage.

#### Sale of the Long Island Coin to Be Discontinued.

It is expected that the sale of the Long Island half dollar will be discontinued on December 31 and that all the unsold pieces on that date will be returned to the mint to be melted. It is reported that about 76,000 of the 100,000 pieces coined have been sold. Louis C. Wills, chairman of the Long Island Tercentenary Committee, is quoted as saying:

"We were handicapped to some extent by not having the coins on hand last May, when tercentenary celebrations were held in all of the Long Island

towns but at that local and out-of-town subscribers have taken most of the issue. Under no circumstances will any of the remaining coins be sold below the original subscription price."

### The Gettysburg Coin Being Designed.

Frank Vittor has been commissioned to prepare the design for the Gettysburg commemorative half-dollar to commemorate the seventy-fifth anniversary of the Battle of Gettysburg in 1938. Announcement of the selection of Vittor was made by State Senator John S. Rice, chairman of the Pennsylvania State Anniversary Commission. Vittor has promised the completed designs within two months.

Harry Rene Lee, adjutant-general of the United Confederate Veterans, has received an invitation to sit for the sculptor designing the coin. The invitation came from Paul M. Roy, executive secretary of the Pennsylvania commission arranging a reunion of Blue and Gray forces in July, 1938. Mr. Lee said he would probably accept. The face of one Confederate and one Union soldier will be reproduced on the coin.

### San Francisco-Oakland Bay Bridge Coins Distributed.

A telegram from Anita Day Hubbard, in charge of the distribution of the San Francisco-Oakland Bay Bridge half dollars, dated November 20, says:

"San Francisco-Oakland Bay Bridge commemorative coins have been received from the mint and are being mailed out to purchasers as rapidly as possible."

### Philippine Commemorative Coins Issued.

During November the set of coins to commemorate the first anniversary of the Commonwealth of the Philippines was distributed. The set consists of three coins—two varieties of peso and a fifty centavos. The reverses are similar. The obverse of the fifty centavos has the busts of President Quezon and Governor-General Murphy facing. One of the pesos has the busts of President Roosevelt and President Quezon, and the other has the busts of Governor-General Murphy and President Quezon. The coins are dated 1936, although all bear the additional date of independence, November 15, 1935.

### THIRD CENTRAL NEW YORK MEET.

The third Central New York Coin Meet was held on October 10 at the Hotel Rochester, in Rochester, N. Y.

The following clubs were represented at the Meet: Caledonia, Cortland, Batavia, Buffalo, Syracuse, North Tonawanda and Rochester.

The afternoon program consisted of a general get-together for the gentlemen and ladies and viewing the exhibits and auction material. The exhibits consisted of the following: Mr. Bauer, ancient coins; Mr. Plumb, U. S. types, including gold and silver; Mr. Kolb, medallie art; Mr. Harzinski, commemorative gold and silver; Mr. Amberg, Canadian coins and tokens; Mr. Peake, Swedish coins.

The main attraction in the early evening was the well-attended auction, the lots being put up in a mimeograph catalogue, which made bidding easy. The auction was handled by the well-known Billy Sunday, who made it enjoyable for all. After the auction over 60 guests attended the banquet, which was in charge of G. J. Lindboe, Mr. Bauer acted as toastmaster and called on most everyone for a few words, a vote of thanks was extended to Mr. Harzinski and Mr. Powers for the very fine way things were handled and the wonderful time that was being had by all.

Plans were discussed for the forthcoming meet to be held at Syracuse, as they made the next bid for it.

### THE DETROIT COIN CLUB HANDBOOK FOR 1936.

One of the most pretentious club handbooks that has come to our notice has just been issued by the Detroit Coin Club, which was organized February 15, 1924. It contains 40 pages and cover, and its principal features are: A history of the club, a membership list with collecting specialties, contents of the club library, the medals issued by the club and the constitution and by-laws. The printer is Donald R. Heath, a member of the club and the son of Dr. George F. Heath, founder of *The Numismatist* and the A. N. A. The book has a message from the printer, and one page is given to a facsimile of the heading of the issue of the magazine for June, 1890, and an illustration of the hand press on which the first six volumes were printed (1888-1893). The press is owned by Mr. Heath and one page of the handbook was printed on it in the same type used in the early years of *The Numismatist*.

### ST. PAUL NUMISMATIC ASSOCIATION FORMED.

On October 6, 1936, the St. Paul Numismatic Association was organized and fifteen collectors attended the first meeting held in the conference room of the Pioneer Building, St. Paul, Minn. Paul C. Buetow was elected president of the newly formed organization, and J. H. Harkins, secretary and treasurer. A membership committee was appointed and plans were formulated for future meetings.

Among the charter members of this organization, including the officers, are George P. Bailie, Ross Hubley, L. J. Piras, Vern M. Fifer, R. T. Hagman, M. C. Sweeney and J. H. Harrell.

### NEW COINAGE DESIGNS APPROVED BY KING.

King Edward has approved the designs for his royal effigy for coins and medals. These have been submitted by Mr. H. Paget, who has designed the uncrowned effigy, and Mr. P. Metcalfe, who has designed the crowned effigy. The King has also approved a series of new designs for the reverses of the silver coinage which have been prepared by Mr. George Kruger Gray. The new coins will not appear till next year.

Mr. Gray designed the Imperial silver coinage of 1927 and the silver coinages of Southern Rhodesia, New Zealand, Mauritius, and the Channel Islands. Mr. Percy Metcalfe, in 1927, re-designed the coinage of the Irish Free State. —London Daily Telegraph.

## Deaths

### WILLIAM FORRESTER DUNHAM.

After a brief illness, William F. Dunham, long an active collector and prominent member of the A. N. A., died at his home in Chicago on October 12. He had attended the Minneapolis Convention the latter part of August and was apparently in the best of health. He was 79 years old. Interment was in Graceland, Chicago.

Mr. Dunham was born at Barnard, Vt., on October 3, 1857, the son of Almon Smith Dunham and Louisa Billings Dunham. In early life he was a school teacher, and later a wholesale and retail grocer. He studied pharmacy and became one of the leading druggists of Chicago, from which he retired about twenty years ago. He was a graduate of Tabor College, Iowa, and the University of Illinois. He was a member of the Chicago Stock

William F. Dunham.

Exchange, the Knights Templar, the Press Club of Chicago and the Veteran Druggists' Club of Chicago. He was also a governing life member of the Chicago Art Institute and honorary curator of medallic art at that institution, to which some time ago he presented his collection of Roman, Greek, and Japanese gold coins and a collection of Papal medals.

He toured Europe in 1890 and made a trip around the world in 1920, and in 1934 again visited Europe, as well as Africa and South America.

He served as Chairman of the Board of Governors of the A. N. A. about twenty years ago, and had attended conventions regularly for a number of years. He is survived by one child, Chester F. Dunham, of Toledo, Ohio.

He was the compiler of quick-finding lists for Hard Times tokens,

Canadian tokens and encased postage stamps. He was a member of the Chicago Coin Club.

The contents of his collection have not been made public, but the United States section is known to contain many rarities, including the 1802 half dime, 1875 \$3 gold, 1804 dollar, 1822 half eagle, 1797 quarter eagle and 1798 eagle.

### CORRECTION.

Due to a typewriter error in the advertisement of Norman Shultz in our November issue, the 1926 Oregon Trail P and S mint half dollars were made to read "1936." This will explain why an unusually large number of orders were received by Mr. Shultz for this variety of the coins.

### CORRECTION IN CONVENTION PROCEEDINGS.

Our attention has been called to the fact that in the published proceedings of the recent Minneapolis convention it is stated that the motion to appoint a committee to revise the Constitution and By-Laws was made by Mr. Walker. Mr. Ripstra says he made this motion and that it was seconded by at least half a dozen members.

**BRONX COIN CLUB**—Thirty-eighth meeting, October 25, President Sghia presiding. It was the third anniversary of the club, and the wives, sweethearts and friends of the members were present to help celebrate the event in a fitting manner. The total number of members and guests was seventy-seven.

A special turkey dinner was the chief course on the menu, which was printed for the occasion. The dessert included a large birthday cake surmounted by a cornucopia overflowing with chocolate gold pieces. One of the items that was the cause of much amusement was the originality of the place cards, which were individually drawn by Miss Dorothy Mosher to fit the collecting specialties and personal characteristics of each member. Each of the ladies was presented souvenirs consisting of a beautiful box of stationery and one of Mr. Werner's Lord's Prayer Lincoln cents enclosed in an envelope printed by him for this third birthday meeting of the club.

After dinner President Sghia extended the greetings of the club to those present and read telegrams from several members and friends regretting their inability to be present, and the chair was turned over to Arthur W. Deas, who acted as toastmaster. After making a number of humorous remarks, he called upon Messrs. Sghia, Kortjohn and Blake for a few remarks. Moritz Wormser acted as speaker of the evening and recalled a number of reminiscences about numismatics and collectors, ending his talk by wishing the club a happy birthday and many happy returns. Mr. Deas then called upon Messrs. Barnet, Dewey, Reagan, Mosher, Lighte, Stein, Clark, Bullowa and Kennedy for a few remarks on subjects with which they were familiar.

He most graciously invited the wives of the members also to be present. The party assembled at one meeting place and then proceeded to Langley Park, where the host and hostess most cordially greeted us upon arrival.

The meeting was called to order in the drawing room by the President, and after a short business meeting, adjourned. The high point of the evening was a wonderful lecture by Mr. McCormick-Goodhart on his collection of Admiral Vernon Medals, which were supplemented by numerous books, authorities on the subject. There was also a very fine print of Admiral Vernon. In the course of his lecture he told of the life of Admiral Vernon and how the ships of the British were being preyed upon by the Spanish; of the naval battle of Porto Bello and others, for which the Vernon Medals were struck. Some of the supposed battles never took place. However, word was received in England advising of such battles and the medals were struck to commemorate them. The medals were beautifully displayed, in order that those present might study them, and it might be stated that this collection is one of the few that is nearly completed.

After the lecture, and the opportunity to study the medals, those present were invited to the dining room, where delightful refreshments were served. After the refreshments were served the minds of those present were diverted from the serious study of numismatics by being entertained by Mr. Lippy, one of our members who, though interested in numismatics, is also a professional magician.

Like all good things, our meeting had to come to an end and the party bade adieu to the host and hostess at a late hour, after enjoying their most gracious hospitality.

**CHASE BANK COIN SOCIETY**—October 15. Nineteen persons were present, and during the transaction of pending business the subject of the Metropolitan Coin Convention came up. Some discussion took place among the members as to what would be scheduled for display in the exhibit of the convention to be held in Radio City for the week starting November 16th. Mr. Nilson decided to display his Scandinavian coins again, and Mr. Robinson his collection of Ethiopian pieces. The other members were unde-

cided whether they would set up half-cent types or some other set of types of U. S. coins.

Vernon Brown, who was absent for an appendicitis operation, was reported convalescing very well. Since that time he has returned to his desk with The Chase National Bank Collection of Moneys of the World.

During the past month some of the members have been complaining about a certain issue of commemoratives which seems to have been lately on the market at a substantial reduction from the issued price. It certainly has discouraged a number of the lads from purchasing issues when they wonder if they will soon come out at a reduced price.

**WESTERN PENNSYLVANIA NUMISMATIC SOCIETY**—November 3, President Marlier in the chair.

The secretary read an invitation to attend the annual exhibit, auction and banquet of the Western Reserve Numismatic Club of Cleveland on November 14th.

**CHICAGO COIN CLUB**—213th meeting, November 4. Seventy-three members and guests present.

Henry W. Schweitzer, H. W. Rumpf, Chauncey B. Nordland and Fred Burnham were elected to membership. Applications were received from Howard Gibbs, Benjamin C. Dreiske, and Herbert S. Brush.

The amendment to the By-laws came up for action. After some debate it was passed.

The club was then favored by some music on the accordion by Pierre Page, Jr., the talented son of one of our recent members.

The election of the nominating committee to select candidates for offices for next year was next taken up. Messrs. Sheldon, Steffan, and Cederlund acted as tellers. The following committee was elected: Messrs. Barger, Green, McBrien, Cederlund and Sheldon.

Letters were read from the Columbia Sesqui-Centennial Commission and from Grant's Hobby Shop concerning the Columbia half dollar.

After being favored with more music by Pierre Page, Jr., the secretary was instructed to write letters to Chester Dunham and to Mr. Wismer.

A vote of thanks was given the committee for the Central New York Meet, held in Rochester on October 10.

A number of suggestions were made to improve the entertainment for

the coming winter season. Among those offered was that a purely social gathering be held on the first Saturday in March, 1937, in place of the first regular meeting. Mr. Gustav Lindboe was appointed a committee of one to procure information for this affair and to function as an arrangements committee.

The association's twenty-fifth anniversary meeting and banquet were discussed. The question was raised as to whether that meeting should be a closed affair, for members and their families only, or whether guests should be invited. It was moved that Mr. Peake be appointed a committee of one to contact Mr. Alphonse Kolb in connection with the striking of a silver medal for the twenty-fifth anniversary and to solicit and receive subscriptions for this medal. Medals will be struck only in the number subscribed.

The association, deeply regretting that personal and business affairs interfere with the attendance and activity of Secretary Charles W. Foster in the organization, appointed F. E. Peake assistant secretary for the remainder of this year.

**WESTERN RESERVE NUMISMATIC CLUB**—188th meeting, October 14, with 56 members and guests present.

Our fellow-member, Moritz Wormser, of New York, related in a very entertaining and interesting manner his experiences at the Numismatic Congress held in London last summer, which he attended as a delegate from the American Numismatic Association, and at various auction sales of coins

in that city, citing the differences between their conduct there and in this country. He told of visiting the larger dealers in coins in England and on the Continent, and of seeing an uncirculated dollar of the 1804 issue of the United States in a London shop. In closing he urged all who can to attend the forthcoming Metropolitan Coin Convention to be held in New York in November.

Other coins shown were a set of the 1936 U. S. proof coins, a collection of about 25 ancient Chinese pieces, \$20 gold pieces, and 1935 and 1936 Canadian Jubilee dollars.

**MILWAUKEE NUMISMATIC SOCIETY**—October 30. Twenty-fifth meeting called to order by the chairman, L. Burmeister, Jr., at H. Polzer's Jewelry Store. Eighteen members were present.

Ray Klenz, of Milwaukee, was elected a member. Application for membership was received from Stuart Breitwisch, of Milwaukee, and he will be elected a member at a future meeting.

A lively auction followed the meeting, Mr. Polzer acting as auctioneer.

**HARTFORD NUMISMATIC SOCIETY**—October 26. The 26th meeting was held at the summer cottage of our treasurer, Mr. Miller, in Columbia, where the members partook of a fine dog roast with all the fixings, well arranged by our host. Following the supper President Scott opened the regular business meeting with twelve members present.

Mr. Batterson presented a 1920 Lick medal to the club, for which he was given a vote of thanks.

Frank Mather, of Hartford, was elected to membership.

A contest was had on what is known about coins, the first prize going to Mr. Lind, of Willimantic; second to Mr. Callander, of Portland. The lucky-number prize went to Mr. Alliger, of Mansfield. The prizes were donated by Messrs. Miller and Nokes.

An auction completed the evening. A rising vote of thanks was extended our generous host, Mr. Miller.

**HEART OF AMERICA NUMISMATIC ASSOCIATION (Kansas City, Mo.)**—31st meeting, October 12th, at the Pickwick Hotel in Kansas City, Mo. President Keith in the chair. Eighteen members, four lady guests and one visitor were present.

Introduced as guest was Mr. Fox, of Lawton, Oklahoma.

Matters pertaining to the club's dinner at the Hotel, on October 19th, 1936, were discussed.

C. Leroy Carlson, recently returned from an extensive trip in Europe, displayed a half daler and one daler Swedish plate money, which were passed among the audience during his fine lecture on that subject. Mr. Carlson also related some amusing experiences during his trip, and Mrs. Carlson has been asked to favor us at the dinner by wearing an old Swedish dress of about 1700, and your reporter need not add that this will be a fine item of interest to both men and ladies at the dinner.

Members attending the dinner were requested to provide some of their coins for display.

George G. Paris exhibited Orange Free State coins of 1887 in proof, and coppers of Haiti and the Cape of Good Hope. H. E. Rowold displayed 12 outstanding Hard Times tokens of the United States, and M. H. Morgenroth displayed 24 interesting halfpenny English depression tokens of about 1800.

The meeting wound up with a lively auction.

**ALBANY NUMISMATIC SOCIETY**—Thirteenth meeting, October 22. Fifteen members and five visitors were present. After routine business President Clough gave an interesting talk on commemorative half dollars, which introduced our guest of the evening, Miss Gertrude K. Lathrop, the designer of the Albany commemorative half dollar. Miss Lathrop told of her work in preparing the models for the Albany coin and very graciously answered many questions. An enthusiastic rising vote of thanks was extended to her.

Messrs. Clough and McKinney had complete sets of commemorative half dollars on display. The secretary offered twenty Columbian half dollars in fine to uncirculated condition for sale to members at face.

Mr. Frick volunteered to defray the expense of the next meeting.

The secretary read a letter of appreciation that had been sent to President Keith of the Heart of America Numismatic Association in answer to his letter of congratulation on the Club's formation.

**DES MOINES COIN CLUB, Des Moines, Iowa**—Sixth meeting, October 14, called to order by President Wiley. Six members and three visitors were present. The three visitors, Walter P. Bohler, of Ames; R. M. Janda, of Des Moines, and Arthur Kagin, of Des Moines, were elected members. The club now has thirteen active members.

We were all quite grieved by the death of Charles Markus, of Davenport, past President of the A. N. A. and one of the most outstanding collectors in Iowa. Mr. Wiley visited Mr. Markus some time before his death, and at that time he donated a number of very interesting numismatic journals

and books to our club. To him we are greatly thankful for this donation and interest in our club.

Mr. Todd has consented to act as librarian for our club, and any member wishing to refer to our library is welcome to do so at any time.

Members present drew lots for their turn to give a brief talk on their most interesting series of coins.

Several lots of coins were sold at our auction, bidding being most brisk on half cents. Hereafter a charge of five per cent. will be made by the club for all coins sold at our auction.

---

**PACIFIC COAST NUMISMATIC SOCIETY**—253rd meeting called to order by Vice-President Knabenschuh, October 28th. Seventeen members and three guests were present.

Vice-President Knabenschuh informed the members of the death on October 15 of President Wyman. He asked the membership to rise while he delivered a eulogy on our late president, outlining his services to our Society and the loss we have suffered in his untimely passing.

Mrs. Clairs and R. A. Mitchell were unanimously elected to active membership.

A. F. Williams was the speaker of the evening and delivered a very interesting and instructive talk on "The History and Coinage of the T'ai-p'ing Rebellion." The talk was illustrated with specimens from his collection.

---

**ATLANTA COIN CLUB**—October 21. Most of the regular members were present, and in addition, two visitors. President Ketchem, as usual, called the meeting to order.

Mr. Gonzales, just returned from a trip into Alabama and Mississippi, told of the increasing interest in coin collecting he had noticed.

Plans were completed at this meeting for the club's annual exhibition of coins and paper money at the Hotel Henry Grady, on November 18 and 19. An extensive program of publicity has been planned, including newspaper articles and photographs, display cards, printed notices for mailing, broadcast announcements, souvenirs for visitors, and other features.

An unusual exhibit was a 1794 half-dollar, very fine, recently acquired by Roy Ketchem and an 1815 and 1795 by Mr. Hardwick. Numerous commemoratives were to be seen belonging to Ben DuBose, Roy Ketchem, J. H. Hardwick and J. J. Gonzales.

A new member admitted by unanimous vote at this meeting was C. L. Denk, Jr., who is sincerely interested in coin collecting and promises to become an active and progressive member.

---

**MADISON COIN CLUB**—October 26. President Monson presided, with fifteen members present. The president told the members about a joint meeting to be held November 19 at the Union Memorial Building with the Madison Stamp Club and the University Stamp Club. The president was authorized by the members to meet with the other clubs and plan a program. The president is to appoint two members to arrange the program for our club.

Claude L. Hawley gave a very interesting exhibition on methods of cleaning and preserving coins. To clean silver coins, take two tablespoonfuls of baking soda, a quarter spoonful of common salt and add to a quart of hot water. This mixture should then be placed in an aluminum pan, or it can be placed in a china dish, and add a small piece of aluminum 2x2 inches. Insert silver coin and watch results. Some coins take only a few minutes, others five or ten minutes. Dry the coins with a blotter and do not rub. The clean coins can be kept clean if paraffine oil is placed on them. This can be bought in any drug store.

Copper and bronze coins can be cleaned with a 5 per cent. solution of potassium-hydroxide and water. Copper coins are much harder to clean than silver, due to its many mixtures, and for that reason coins have to be watched carefully, for some will turn black in a short time. Others can be left in a week or more, without any damage. Do not expect to get them as shiny as an uncirculated coin. That is impossible. An even brown color is the best you can expect. The milling on coins can be cleaned with a tooth-brush and baking soda.

Nickel coins can be cleaned by dipping coin in water and sprinkling baking soda on it and rubbing gently with the tip of your finger. Repeat if necessary.

On good coins never use metal polishes which have acid in them. Files, steel wool, sandpaper and emery cloth are the favorite cleaners of the amateur and should be frowned upon by the numismatist.

Mr. Stebnitz exhibited a 1936 proof set of coins.

A short auction was held and many coins changed hands.

**NEW JERSEY NUMISMATIC SOCIETY**—37th meeting, October 8th. Fifteen members and one guest were present. President Nixdorff presided.

The question of exhibiting at the Stamp Show was again brought up and it was decided not to exhibit at the current show.

Mr. Reeder was appointed for the task of investigating the cost of frames for displaying coins, with the thought that at some time we might be interested in showing some frames in libraries and schools for the benefit of educating the children.

Some recent acquisitions were exhibited. Mr. Blake had a full set of commemorative gold coins and also a set of Panama-Pacific coins. Mr. Beach exhibited a collection of 18 silver "siege" pieces, dating from 1565 to 1845, and a small group of Crusaders' silver coins, issued in the eleventh, twelfth and thirteenth centuries. Mr. Blaisdell showed some Trade dollars, and Mr. Nettleship exhibited some Colonial notes.

**DETROIT COIN CLUB**—301st meeting, November 5th, President Stehfest presiding. Thirty-two members and four guests were present.

Harry L. Byerly, a former member of the Club was re-elected to membership. Applications for membership of Cornelius W. Spain, Henry L. Leonard and Wm. A. Hoffman were read.

George Needels, speaker of the evening, gave a very interesting talk on wampum used by the Indians as a medium of barter. He illustrated his talk with several strings of wampum, together with the sharp tools used by the Indians to drill and ream out the beads. He also exhibited a stone used to smooth and polish the beads and explained that the smoother the beads the more they were worth. These were tested out for smoothness by the Indians by drawing them across the bridge of their nose and if no rough ones were felt they were passed as O. K. Mr. Needels also exhibited some shells which were used by the Indians as a medium of exchange.

Mr. Dodd, librarian, submitted a list of commemorative half dollars totaling \$50.75 which were short in the club's cabinet at the present time. He advised that the prices shown were the present-day market value. Mr. Brisley offered to donate an 1892 Columbian to the cabinet. The Secretary was instructed to publish the list on the next meeting notices and request any members who had duplicates and cared to donate same to the Club, to turn them over to the librarian. Mr. Needels then withdrew his motion to purchase the above commemorative half dollars.

Dr. L. Z. LeRando advised that he would give us a talk at our next meeting on the "First European Gold Coins after the World's War." His offer was accepted.

L. H. Dodd, librarian exhibited the first five volumes of "Canadian Antiquarian and Numismatic Journal," published quarterly by Numismatic and Antiquarian Society of Montreal, 1872-1876.

**DETROIT COIN CLUB**—The 300th meeting was held in the Seville Hotel on October 15th at 6.30 P. M., with President Stehfest presiding. Fifty-six members and their guests sat down to a T-bone steak dinner which the entertainment committee, Mr. Allen and Mr. Hubel, had arranged for. Much credit is due the committee for the efficient way in which they handled an

overflow crowd, which set a new record in attendance for the second time this year.

President Stehfest announced that all business would be held over until the next meeting in order that our speaker might be able to leave early. He then called on Carl H. Weideman, attorney and former Congressman, to give us a short talk on "Monetary Matters." Mr. Weideman touched briefly on the gold standard, its effect on the ordinary individual and on international trade, and took us back to the time when we were on a silver standard. He advised that there were very few people in the United States who really understood all about money. He also touched on the Federal Reserve Bank, methods of borrowing and the printing of paper money.

The president then called on the four charter members present, Messrs. Harry Rapp, Howard Newcomb, A. C. Hutchinson and Z. Dworkowski, and all responded with short talks.

Special diplomas were handed to Messrs. Bixler, Ganey, Allen and Williams for their accomplishments during the year, "other than coin collecting," and each one had to read his, much to the entertainment of the listeners.

Mr. W. Shaefer, one of our guests, won the door prize.

Mr. L. Noyes had our 300th meeting medals on hand and sold them to members wishing them for \$2.50 each. Our medal was struck in sterling silver, showing the Detroit Coin Club seal on the obverse and the Michigan State seal on the reverse. The medal is the size of a half dollar and is struck in very high relief. All agreed it is the most beautiful medal issued by the club so far. All members and guests present were presented with one of the club's new rosters.

A "keno" party was held after the banquet and many valuable prizes were won by those participating.

The Lynchburg and Bridgeport commemorative half dollars were passed out to those who had them on order. One of each was turned over to the librarian for the club's cabinet.

---

**DES MOINES COIN CLUB**—November 9th, seventh meeting. Eight members and four visitors were present. Mr. Cole, secretary, presided in the absence of Chairman Wiley.

Mr. Goodman and Mr. Kronkright joined the club, bringing out total membership up to fifteen.

The secretary reported that the club had been reinstated as a member of the A. N. A., retaining its original membership number.

Mr. Todd gave a very interesting talk on the Early United States Mint at Philadelphia and its various branch mints which were and still are in operation. Particularly interesting was his report on total coinage of the different denominations from the various mints.

A committee was appointed to draft a set of by-laws for the club.

Exhibits were as follows:

Mr. Goodman: A \$2½ dollar Pikes Peak gold piece.

Mr. Bohler: A 1936 proof set in a coin-display holder and several of the commemorative half dollars issued last year.

Mr. McLain: Large-size Chinese money weight.

Our topic for the next meeting will be half cents.

A lively auction was held at the close of the meeting.

---

**SPRINGFIELD COIN CLUB**—252nd meeting, October 14th, called to order by President Pond. Nine members and one guest were present.

Dr. Frederic Hagler was a guest, and later signified his intention of joining the club. He has an application in the A. N. A. for membership.

Mr. Oliver commented on the fact the members were not bringing in new members.

Mr. MacIntosh reported that the commemorative half dollars ordered by members at previous meetings had not been received.

The entertainment of the evening was an auction conducted by Mr. Oliver, consisting of a part of the collection of the former Mr. Cottrell, who was at one time a member of our club. An hour and a half of lively bidding followed. Practically everyone added something that he wanted to his collection.

# FINE ENGLISH COINS OF HISTORIC INTEREST

# Received At Columbia, South Carolina

About October 25th, \$900 each S and D mint and 9000 P mint Columbia Commemorative half dollars. At this writing (Nov. 15) no deliveries have been made. The Secretary of the Chamber of Commerce thought it would be two weeks more before they commenced to make deliveries. I was given to understand that they had received between \$60,000 and \$70,000. The writer found that orders and remittances were being returned to collectors, and in the interest of many collectors who depend upon him to obtain commemoratives as issued, has made two trips to Columbia, but does not know at this time how many collectors can be taken care of, if any.

Attorney J. H. Hammond, chairman of the Commission, said he wanted as wide a distribution as possible, but did not state why they changed their original plans of having 25,000 from one mint, to 8000 from each mint, thereby reducing a wide distribution of 25,000 to a possible 8000.

Here's hoping that the legislative committee of the A. N. A. can introduce a bill at the next session of Congress which will make it necessary for any commission desiring commemorative half dollars to coin not less than fifty thousand, all from one mint and to be coined the same year.

## Mint Record and Type-Table of U. S. Coins

Lists all major varieties of U. S. Coins, as well Private Gold, Fractional Currency, and Encased Postage Stamps with space arranged for you to enter cost and condition of each variety in your collection. Illustrating obverse and reverse of types.

Shows number of pieces coined of each date and denomination, at each mint from 1793 to 1935 inclusive, with space arranged for you to add number of pieces of each denomination from each mint for 1936-37-38.

Lists over two hundred varieties of Encased Postage Stamps with thirty-nine illustrations of same.

Among the varieties listed and not found in many books are the Half Dime of 1796 with 6 over 5, also the 1849 with 9 over 5; the 1918 over 1917-D mint Buffalo Nickel; the Half Dollar of 1873-S no arrows at date; and the Quarter Eagle of 1861-D. Also two pieces of Private Gold.

Gives the number coined and illustrations of each type 1807 Half Dollars, the same is true of the three types of Nickels of 1883, and both types of 1913 Buffalo Nickels from all three mints.

In addition to the above it has more information of interest to every collector, such as the difference between the Original and Restrike Quarter Dollars of 1827, why some Quarter Dollars were counterstamped R at the Sub-Treasury, why the Silver Dollars of 1805 are listed in Directors Report when none were coined, etc., etc.

The Commemorative Gold and Silver are arranged in one section showing the number of pieces authorized, number coined, number used for assay purposes, number melted and number available for the collector. For the first time the number of Lincoln Halves put in circulation at face value is given. Both the obverse and reverse of all commemoratives, gold and silver up to and including the Albany, N. Y. are illustrated and space arranged for you to enter those that have been authorized and not issued at this time.

To those who have already ordered and those who order during this month: Examine this Book for five days—if not entirely satisfied return in perfect condition and purchase price will be refunded. Printed on a good paper with Gilt stamped cloth binding—250 pages, size 5 by 7 inches.

## Delaware Swedish Tercentenary Half Dollar

A commemorative Half Dollar has been authorized by a Special Act of the United States Congress (signed by the President, May 15, 1936), which will be issued in connection with the Tercentenary of the Landing of the Swedes on the site of Wilmington, Delaware. This first permanent white settlement in the Delaware River Valley was made in the Spring of 1638.

### To Be Issued by One Mint

The Congressional Act limits the coinage of the half dollars to one mint and authorizes an issue of 25,000 coins.

### Sculptor

There will be a competition during the Summer of 1936 among sculptors and other artists for the best model for the coin. A prize of \$500 will be offered. The coin should be ready for distribution in the late Fall of 1936.

### By Subscription Only

The coins will be sold by subscription for **\$1.75 per coin**, postpaid. Subscriptions for lots of 20 coins or less will be given preference. Checks or money orders payable to Equitable Trust Co.

The Delaware Swedish Tercentenary Commission has appointed the Equitable Trust Company, Wilmington, Delaware, to act as its agent for receiving subscriptions and for distributing the coins upon their delivery to the Commission by the Director of the Mint. The applications for coins, if accepted, will be honored in the order of their receipt.

## SAN FRANCISCO-OAKLAND BAY BRIDGE COMPLETION CELEBRATION November 12, 13 and 14. COMMEMORATIVE HALF DOLLARS

3 coins, \$1.58 each.	Total .....	4.74
5 coins, \$1.56 each.	Total .....	7.80

Above prices include packing, postage and insurance.

These coins will be minted in a limited number and all of those not sold will be returned to the Mint. The demand is already heavy and we suggest an immediate order so that collectors will not be disappointed. The period of sale will be very short once the coins are ready for delivery.
